1. Insured risk, insurance sums and deductibles

The insurance cover of these contracts is subsidiary. The insurer will not compensate a claim as far as the policy holder, the persons insured or a third party can receive a compensation out of another insurance contract or a third party is held liable to pay damages for the damage occurred. This especially applies for the charter yacht's liability and fully comprehensive insurance, for another existing travel cancellation expenses insurance and for the health insurance.

1.1. Extended skipper third-party liability insurance

The term „liability“ refers to the obligation to pay damages. This obligation arises from individual, legal requirements which regulate that someone inflicting damage on another has to compensate this damage accordingly (e.g. claims due to ramming of another boat or even thereby causing serious injuries to crew members when running into the harbor).

In general each yacht possesses liability insurance. However, in case of a claim the insurance cover and sums are often insufficient. Our extended skipper liability offers a subsequent liability cover to an existing insurance policy or to a third party obliged to pay damages

Insured is the legal liability of the private, non-commercial, operating of chartered or other third-party sailing and motor yachts.

The liability insurance shall have the task to protect you against damages for which you are claimed. That means, in this case the liability insurance does everything for you what is necessary: the question whether and to what scope you have the obligation to pay damages;

- if the answer is yes, it covers the claim's compensation up to the insurance sum stated within the policy
- if the answer is no, it rejects unjustified claims

If legal action is taken the liability insurance manages the process and carries the respective costs. For every claim event a deductible according to the conditions of the ext. skipper third-party liability insurance is deemed to be agreed.

The extended skipper third-party liability insurance additionally covers:

- 100.000 EUR for financial losses;
- 550.000 EUR for damage at the yacht chartered if gross negligence is proofed – deductible 2.500 EUR;
- 50.000 EUR for security deposits in case of seizure in a foreign harbor
- 20.000 EUR for justified claims of the charterer for charter losses due to a comprehensive insurance (property loss) – deductible: cost for the first three days of the charter loss;
- 1.000 EUR for accommodation and travel costs up to the charter base if the cruise is cancelled because of a damage which makes a return absolutely impossible due to a lacking navigation ability and seaworthiness.

1.2. Charter deposit insurance

Insured is the partial or total withdrawal of the insurance sum named in the application/policy for a damage occurring during the charter cruise due to a loss or by a damage of the yacht chartered culpably caused by the policy holder or one of his/her crew members. In the case of a loss or a damage of a machine or motor, gear, battery, alternator and starter the insurer will just pay compensation if the claim occurred due to: a ship accident (this is a sudden external event that damages the insured object directly through mechanical force), sinking, fires, lighting, explosion, earthquakes, seaquakes, volcanic eruptions or other natural disasters, theft and robbery.

The deductible per claim is 10 % of the deposit sum however, at least 100 EUR; in case of the regatta risk inclusion 15 % however, at least 300 EUR.

1.3. Charter travel cancellation expenses insurance

In case of non-attendance of the charter/trip due to important reasons cancellation costs are insured; for the persons named in the policy/application up to the whole crew (crew cover) in the event of losing the skipper as well as the additionally incurred and proofed travel return costs on abandonment of the cruise if you cannot default it or if you have to prematurely cancel it due to important reasons stated in the insurance for the travel cancellation expenses insurance § 1.

As far as nothing else than the option “without deductible” is mentioned in the policy the following is deemed as agreed: For each claim the policy holder must pay a deductible of 100 EUR per person. If the claim occurred through illness or death of a relative the policy holder must pay 20 % of the recoverable claim sum by his/her own however, at least 100 EUR per person.

The insurance can only be concluded within 21 days after receipt of the booking confirmation as far as the insurer's content for an extension is not obtained.

1.4. Travel health insurance

According to § 1 and 2 of the travel health insurance conditions covers costs occurred abroad for treatment (incl. stationary treatment), 2.4.3. pharmaceuticals, bandages, medicaments and medical aids as well as the transport due to illness and the return transport up to the domicile for an acute illness occurred during the stay abroad or acute accident consequences for all members mentioned in the application/policy.

1.5. Accident insurance

The insurer offers insurance cover for accidents of the persons named in the application/policy that occur later on during the trip. The respective insurance cover and insurance sums be the result of § 3 of the accident insurance conditions.

1.6. Charter price contingency insurance

The charter price contingency insurance covers the loss of the legally established entitlement to repayment of the paid charter price due to insolvency of the intermediary charter agency or charter base up to max. 5.000 EUR per week, max. 15.000 EUR per cruise; cumulative limit 150.000 EUR

Co-insured are also additional costs for flights etc., higher charter costs up to 1.500 EUR per cruise; cumulative limit 150.000 EUR.

This insurance can only be concluded within 14 days upon receipt of the booking confirmation.

Detailed information can be obtained from §§ 1, 2, 4 and 6 of the charter price contingency insurance conditions.

2. Premium, maturity und payment period

The premium depends on the requested and agreed insurance cover. The premiums and payment methods are mentioned in the application. Please take care that the insurance cover even will start upon payment. As far as you filled in the SEPA direct debit mandate payment will be considered to be in time if we can debit the amount to your bank account at maturity without a contradiction by you. Detailed regulations can be found in the Skipper & Crew conditions, § 4 and 5.
